Rotary Club Norridge-Harwood Heights **District Grant #** P-2232

Project Title Dictionary Project

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries? List any changes that might have occurred.
Dictionaries were provided to approximately 350 third graders in our community. Each Rotarian worked in pairs to deliver these to the local third graders during the months of October and November. The four way test was also reviewed at each school.

2. How many Rotarians participated in the project? 13

3. What did they do? Please give at least 2 examples. Each Rotarian delivered dictionaries to various schools and presented the students with dictionaries and also reviewed the four way test. Rotarians also worked with High School Students to place a sticker of the four way test in each of the dictionaries that were then distributed to the third graders.

4. How many non-Rotarians benefitted from this project? 350

5. What are the expected long-term community impacts of the project?
Students will have a better understanding of Rotary and the four way test as well as be able to benefit from the use of the dictionary. Our area has a very diverse population of learners and the dictionary with help them with the English language.

6. If a cooperating organization was involved, what was its role?

7. How did you share the news of your project? We shared it with the local newspaper and through email blasts in each school district.
