

District Grant Final Report 2018-2019

This report must be completed and uploaded on matchinggrants.org within 30 days after completion of the project but no later than 2 years after the date of approval of the project.

District Grant # P-2235

Rotary Club: Kemmerer WY

Project Title: AED for Field House

Project Description:

1. Briefly describe the project. What was done and where did the project activities take place? Explain how the beneficiaries and other community members were involved?

Kemmerer Rotarians in cooperation with the City of Kemmerer purchased an Automatic External Defibrillator (AED) and placed it in the Field House of the local municipal golf course. The Field House is centrally located in a complex that includes a walking trail and Little League baseball fields. Signs indicating the availability and location of the AED were placed in strategic locations on the trail and at the baseball fields.

2. How many Rotarians participated in this project? 5
(5 Rotarians were directly involved; however, 23 Rotarians participated in the fundraising activities that made this project possible.)

3. What did they do? Please give at least two examples.

The City Administrator for Kemmerer is a Rotarian, and he played a crucial role in securing the space for the AED and enlisting city maintenance to mount it on the wall.

The Club President researched various AED's and accessories and worked with the city to order and install.

4. How many non-Rotarians benefited from this project? 500 est.
5. Who are the beneficiaries and what is the expected long-term community impact of this project?

Every community member and visitor to the community who plays golf or walks the walking trail potentially benefits from having an AED on-site and readily available.

Additionally, Little League baseball players, coaches, officials and game attendees are potential beneficiaries. In the event of cardiac arrest among any participant in these recreational activities, life-saving assistance can be delivered in the crucial moments before EMTs arrive.

6. If a cooperating organization was involved, what was their role?

The City of Kemmerer is a partner on this project. City maintenance installed the AED and cabinet in a city-owned facility.

7. INCOME:

Income Source	Amount
District Designated Grant	\$500.00
Club matching funds	\$500.00
Total Project Income	\$1,000.00

8. Expenditures: (number receipts starting with 1 and indicate a receipt #(s) for each expenditure.) (Do not include travel expenses.)

If international project convert amounts to US dollars	Receipt # (s)	Budgeted Amount	Actual Amount
Philips HeartStart OnSite Defibrillator	1	845.00	845.00 *
AED Defibrillator Wall Mounted Storage Cabinet	2		97.53 **
2 Aluminum Metal Signs (1 for baseball fields; 1 for walking trail)	3	155.00	25.00 **
Total project expenditures		1,000.00	967.53

Kemmerer Rotary Club reimbursed the City of Kemmerer \$845, Check #5234, 08/14/18; \$123.43, Check #5242, 09/12/18.

9. Please explain any variance of more than 5% between the budgeted amount and the actual amount including the reason for the variance and why the alternative was chosen.

NA

10. Project score (5=strongly, 4=agree, 3= neutral, 2=disagree, 1=strongly disagree)

	Project Score	Comments
The overall project was successful	5	
The grant process worked well	5	
My interaction with partner clubs was good	NA	
We achieved the results we expected	5	

11. Did you upload photos in your project on matchinggrants.org under the Photo tab? (If not, please do so.)

Yes

12. What worked well on this project and why?

Coordination with the City of Kemmerer was seamless primarily because key city officials are Rotarians.

13. What did not work well and how would you suggest improving it?

Although everything associated with this project worked well, Rotarians recognize that they can always do more to get the word out about projects.

14. How was this project publicized?

On 09/26/18, the Kemmerer Rotary Club will hold their regular weekly meeting at the Field House. Members will have an opportunity to see the AED and hear an explanation of how it works. Photos from this meeting will be posted to the Community Facebook page and sent to the local newspaper.

Project Inventory

Please list all items provided in this grant that are over \$75 in value and are not expendable.

Item Purchased	Date of Purchase	Cost	Destination/ Location	Comments
Automatic External Defibrillator	07/02/18	845.00	City of Kemmerer Golf Course Field House
