Project Title: Children with Kidney Disease (P-2350)

Progress report x-Final

Project Description

1. Describe the project. What was done, when, and where did project activities take place? If this is a progress report, what remains to be done? **Completed, June 18, 2019 when we received the invoice for medicines needed. The activities taking place the summer of 2019 at the Frost Valley YMCA camp in Claryville, NY. The Dialysis Center, located on the camp grounds, is under the direction of Montefiore Medical Center. Campers (ages 7 to 17), needing dialysis during their 2 week stay, are treated at the center and then go back to enjoy their camping activities.**

2. How many people benefited from this project? Between 30-40

3. Who were the beneficiaries, how were they impacted by this project, and what humanitarian need was met? **Children between 7 and 17 who are attending a 2 week stay at the camp. By availing children to have treatment they can enjoy the same 'go-away' camp experience as their peers.**

4. How many Rotarians participated in the project? 30

5. What did they do? Please give at least two examples, not including financial support provided to the project. **We interviewed the director of the Ruth Gottscho Kidney Foundation at a club meeting. Two club members actually visited the camp and the Dialysis Center. They also meet with the foundation's BODs and the medical team. You can view the interior of the Center and the medical team in the picture portion of the grant.**

6. If a cooperating organization was involved, what was its role? **The Ruth Gottscho Kidney Foundation established the Dialysis center in 1975 and supports the Center's staff of doctors and nurses from the Children's Hospital at Montefiore Medical Center in New York City.**
