Hello Bev and Herb.

The fees for the coming semester is Ksh 50,000, hostels rent is Ksh15,000 and upkeep Ksh15,000. The total rent is all addition of water bills, electricity bills and the security. For the upkeep, I buy a four months shopping which help me moving through the semester, since the electricity bill is expensive I bought a gas cylinder which I also refill after two months, use it for cooking. For the fees I have attached the letter of offer.

Thank you..

This is Eric. My family and I are doing pretty fine. We lost our elderly grandfather late September. My grandmother is taking care of us. We are all excited that I will get an opportunity to join university in January 2017. I can't thank you enough for making this to happen. At least there is some hope in our family. We are very grateful. The fees for first semester is Ksh 68500. My account is equity bank 0210169631582. Money for upkeep for three months is about Ksh 20000. Swift code is EQBLKENA.
