2) Our local Rotary club is very supportive of this venture and have pledged to help with fundraising events next year. Trip participants will make up the difference.

3) Students who receive any Rotary grant funding will be scheduled to provide a comprehensive presentation to Rotary upon return. Students will share this experience with other community groups, social media, newspapers and schools. The presentation will address how this experience has changed them and how they plan to use this experience to shape their future and positively impact our community. Two students who completed this Candles trip last year presented to our local Rotary club, these presentations focused on the impact of the experience and directly led our local club supporting this current project.

4) Section V: Our local application process will choose students who demonstrate an understanding of Rotary, complete the online orientation process and complete 1 service project approved by our local Rotary club. Learning Polish has not been necessary due to professional guide services that direct us on our trip.
