Hi Jim,

I am having no luck getting this to convert to a pdf so I can post it to project 2636. The final report is in the document folder already. I just updated my computer with the new subscription for office and I am currently locked out of many of the programs until the computer updates tonight.

If you could help me with this it would be greatly appreciated.

Peter

Subject: Thank you!

To: Peter Meade <sunlakesrotary@gmail.com>

To the Sun Lakes Rotary Club:

Thank you for approaching me last year regarding the placement a of "Rotary" branded seating area at the Centum Health Property located in Sun Lakes. I have received and processed check number 10235 which was written on 9/9/19 for the amount of \$1122.83 which was roughly 1/2 of the total billable amount from Treetop Industries. To date, we have received quite a few positive comments regarding the availability and the layout of the seating area.

Again thank you for your partnership in making this happen,

Tami Conradson
