

# First City Rotary

## Project Committee

10/31/2019 – 8:00 AM – Cape Fox Lodge

### 1. Introductions & Overview

### 2. Phase 1: Carpet Replacement

- Timeframe: Fall/Winter (not weather dependent)
- Materials – Vendor Options/Estimates
- Ordering
- Carpet Removal
- Carpet Installation
- Additional Resources

### 3. Phase 2: Decision Point

- Timeframe: Spring 2020 (weather dependent)
- **Option A: Playground Fencing**
  - Known safety issue; currently mitigated by administrative controls (rules for kids & teachers placing barriers along stairs when they take kids out for recess). An “add on” since it is a small amount and the playground is originally a Rotary project.
  - Approximately \$3,000 in materials
- **Option B: Wheelchair Ramp**
  - More urgent safety issue.
  - Approximately \$10,000 in materials; Rotary would not be responsible for the full amount
  - KPH Foundation is willing to contribute funds towards this project. There may be 1-2 other possible donors that would go through the KPH Foundation.
- **Question: Do we want to change phase 2 from the planned playground fencing to the wheelchair ramp?**
- We can delay deciding Phase 2 specifics until December if needed. The District Matching Grant is not at risk, regardless of our choice.

### 4. Closing Comments
