### Goals/Outcomes

*Provide youth with resources and support to achieve academic success, become productive community members, and enhance their relationships with school staff, parents and other members of the community.* Out of 16 students that graduated from M.E.S.A. Program Class #26 (Fall 2019) 12 of these students showed improvement in grades by improving one letter grade and even improving grades from a below to above average in some cases. Resources and support to achieve academic success was given in way of a partnership with Benedictine University in downtown Mesa. Three university students assisted youth in homework/tutoring on Thursdays during our nine-week program (Fall 2019). One community service project was completed with students; assisting a former Army Veteran who was disabled in moving items from her house to a storage unit. Youth learned the importance of giving back and being productive community members through this project. Team Leader Katherine Ryan at Kino Jr. High School saw a decrease of student behavioral concerns for students who are actively participating in the M.E.S.A. Program both classes #26/#27. Class #27 (Spring 2020) had 26 students participating and program implementation was in its fourth week prior to Spring Break/School Closures taken by Mesa Public Schools.

*Develop effective school partnerships and community collaboration. Thus increasing opportunities for M.E.S.A. program students and building partnerships with business partners/community members for shared student success.* During the Fall portion of the program Mesa Counts on College Access Center Staff worked three times with youth to create career goals, vision boards, and even research degrees and certificate programs at ASU. During the Spring portion of the program Mesa Counts on College Access Center Staff had worked with students two times and vision boards were created with presentations to follow. In addition, a partnership with the Travis Manion Foundation was strengthened by implementing the Character Does Matter Lessons for students weekly. Lessons such integrity, perseverance, teamwork, and leadership were taught. A collaboration with the Mesa Veterans Resource Center was established for future community service projects dedicated to our youth assisting Veterans in need. Community partners such as Not My Kid, Attorney General's Office Community Outreach & Education, Valley Hispanic Bomberos (Firefighter group) and CBI Community Bridges had all presented for the M.E.S.A. Program Class #27. The following links are to our M.E.S.A. Program Video for Class #26 and a link to our M.E.S.A. Programs website. The website is updated and has information regarding the numerous programs that are implemented under this umbrella to include the afterschool program that Mesa Sunrise Rotary so generously supports.
