Amanda Crowley- Manteno Rotary Club Scholarship Essay

“It is not just our choices, but it also our actions that show who we really are” -J.K.

Rowling. It is someone’s choice to act upon serving humanity. My choices and my actions are what have driven me to inspire others to serve humanity. I feel that with my involvement within the community, positive character traits, and drive/ motivation to succeed, I have done my part to inspire others to serve humanity.

By saying “I have done my part” does not mean I am done volunteering, getting involved, etc. It simply means that my time at MHS is coming to an end, but I still have work to do. My involvement within the community and my school district has allowed me to inspire others to get involved too. I encourage others to join clubs such as Best Buddies and Interact because not only do I have a great time, but I also feel good about myself after doing volunteer work. Throughout the clubs that I have been a member of, I have gotten more than 60 hours of total community service. This statistic alone pushes people to serve humanity.

I am a person of optimism and positivity. These traits drive me to be successful, which allowed others to see my success and continue to strive for theirs. I believe that my actions tend to give positive impressions. I have been honored to be a member/ leader of some of the most elite organizations at MHS Being a leader is one of the best ways that I have been able to show others what it really does me to be positive, inspirational, and motivated. Nevertheless, I strong believe that my words and leadership skills have driven other people to see the power in serving humanity, just as I do.

How Have you Inspired others to serve humanity?

I have dedicated my high school career to become a leader, and get involved within the school. I have become the President of Environmental Science, Vice-President of Student Council, and a member of numerous amounts of other clubs. Being so involved within the school and the community has given me many opportunities to inspire others to volunteer and serve humanity. Being the President of Environmental Science I am in the position to get students my age to care about the planet and help with recycling, highway clean ups, and river clean ups. It makes me so happy I can help my peers be excited about keeping our community beautiful and green. Student Council helps me push students to get more involved with school activities. I motivate people to get out of their comfort zones, and try new things like Homecoming games or Powder Puff Football. I am also an Ambassador Girl Scout, which gives me the chance to encourage and motivate the younger troops in my community. Being able to educate the girls on how to be successful in school, how to get involved in the community, and on becoming the best Girl Scout a woman can be is a honor that I have a part in inspiring the youth. I get to be the person to tell these girls that any female can accomplish anything they dream of. Knowing that I can help make children believe in themselves, is why I work so hard to help inspire others.

Alyse Crowe Rotary Essay

While serving humanity can sometimes feel like an overwhelming task, I try my best to serve others in various ways, both big and small, in my daily life. I have been fortunate enough to have been selected by my coaches to represent the volleyball and soccer teams at Manteno High School as team captain. I have also been elected as the Manteno Best Pioneers 4-H President by the members this current year. These have been very humbling experiences that they see me as a leader on these teams and for the Manteno 4-H chapter. As a team captain and 4-H President I have always felt that I was held to a higher degree of accountability and that it was my responsibility to lead by example. I took it upon myself to know what my teammates or members needed individually at all times and more importantly what my team or chapter needed to succeed and reach our goals. I strived to have each teammate/member reach their full potential.

I also feel I am a great leader/mentor while I am around the youth. While I am refereeing soccer games, I am responsible for making sure all the rules of the game are being followed and reinforcing the importance of good sportsmanship. When a player does something incorrectly, I am always there to let them know what they did and how to correctly do it the next time. I continually work with each player to ensure that they are becoming the best person and soccer player possible.

It is my hope that my teammates/members have seen me as a good example and they will continue to follow in my footsteps to lead and serve others in a positive way.

Manteno Rotary Club Scholarship Essay

TeamSMILE (Simple-Measures-Intentionally-Lifting-Emotions), is an anonymous kindness organization that I have facilitated at my high school. For the past four years, my goal as TeamSMILE president has been to lift others' emotions and encourage students to speak out about their personal struggles. TeamSMILE's positivity is accessible every day to students through our social media pages and monthly themed motivational posters. TeamSMILE makes kindness so evident throughout Manteno High School that it outshines negative comments and actions. For instance, our organization has decorated all 700 lockers in MHS with motivational remarks such as, "You can do anything" and "You matter" for the last four years. Additionally, TeamSMILE is responsible for mentoring new students, announcing weekly kindness quotes, hosting annual awareness days, and a myriad of other activities which create a positive atmosphere throughout MHS. The kindness that can be seen hanging throughout the hallways of MHS serves as a reminder to students to prioritize their happiness.

Noticing the dire need to promote TeamSMILE's message to younger students, I met with the Manteno Rotary last year to initiate a kindness campaign in my community's elementary school. Due to the generosity of the Rotary Club, I had the honor of collaborating with author Amy Logan who penned the book series *A Girl with a Cape*, which urges children to be conscious of how they treat others. Last year, TeamSMILE hosted a book reading event to advocate to younger students how powerful their remarks can be and stress the importance of treating everyone with kindness. Even though my four years of work with TeamSMILE have remained anonymous, the lasting influence this activity had on younger students was a reward in itself. I can confidently

say that my actions made students recognize the influence they have on others and sparked a kindness campaign throughout Manteno.
