Bourbonnais, IL 60914**

ROTARY CLUB OF BRADLEY-BOURBONNAIS

Chartered in 1981, the Rotary Club of Bradley-Bourbonnais has served the Kankakee County Community in many ways for more than 37 years. It has also maintained the Rotary International Spirit of Service through National and International projects such as the elimination of Polio across the world.

Our Club strives to achieve our service goals and fundraisers in a spirit of fun, fellowship and networking. Some of the local projects we have sponsored include working at and donating to local food pantries, the purchase and installation of accessible playground equipment at Perry Farm, and the purchase and installation of waiting benches at Metro Bus Stops. Our Club also recognizes achievements in education through our annual lunch honoring select eighth grade students at local schools, and awarding an annual scholarship to a BBCHS graduate. Internationally, we have purchased and deployed dozens of shelter box survival kits for areas impacted by natural disasters such as floods, earthquakes and hurricanes. We have hosted high school foreign exchange students for a full school year, and teams of business people from other countries showing them a week in the life of our community.

At our regular meetings, we are provided an opportunity to meet with area community, government and civic leaders, discuss topical events, and engage in active discussions with these leaders.

For more information on our Club, including upcoming meetings and how to join, please visit our website at bbrotary.org.

**It's Always the 16th Annual
ROTARY CLASSIC GOLF OUTING
Putting Contest
Hole in One Challenge
