On behalf of the 6th grade class at Garfield...THANK YOU for your generous support of our school and our kiddos. The At-Home kit will be a huge help for many of our kids in order to be successful with their virtual learning.

I'm a kindergarten teacher at Garfield. I just handed out the awesome at home learning kits you gave to our students. They were "wowed"! These kits will be very beneficial for these lil' guys to use at home.

Thank you for your generosity!
