Standard Bookplate labels

Not actual size.

Our goal is to present a personalized dictionary to every student. Children find that it's “pretty neat” when we take the time to learn their names, print a bookplate, and present them with their own personalized dictionary. The lower portion of each bookplate label includes Rotary’s Four-Way Test. Our www.RotaryLiteracy.com website has simple, easy to follow instructions on how to imprint the bookplates using the Microsoft Excel files that you request from the school(s). Our bookplates are suitable for personalizing ALL books and are compatible to print with either your ink-jet or laser printer. Die-cut labels 6-up per sheet.

Price for 6-labels up per sheet: **\$1.50.**
