Rotary Club: Rotary Club of Westmont

District Grant #: 6450

Project Title: Scholarship Program

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries? List any changes that might have occurred.
Our Club awarded scholarships to qualified students to help further their education at a technical, junior college, or 4 year institution. The Club worked with school counselors to identify students who meet the eligibility requirements for our scholarships. The applicants had to write an essay about their future plans and the finalists gave presentations on the meaning of Rotary's four-way test during a dinner meeting. The finalists were selected in March/April 2020 and scholarships were awarded in May 2020 prior to graduation.
2. How many Rotarians participated in the project?
There was a scholarship committee of 6 Rotarians and all club members participated in the finalist dinner.
3. What did they do? Please give at least 2 examples.
The scholarship committee developed the applications, sent them to the school, and then reviewed the applications. We ranked the finalists and presented those to the Rotary Board who then decided how many finalists to invite to the dinner to give presentations.
4. How many non-Rotarians benefitted from this project?
All the applicants, whether selected as finalists or not, benefited from learning about Rotary and going through the application process. The finalists benefited financially. Their parents, who also attended the dinner meeting, learned about our initiatives and services we provide in our community.
5. What are the expected long-term community impacts of the project?
We expect that supporting students' educational endeavors will have a lasting positive impact on their careers and livelihoods. We hope that since they received this support from Rotary that they will, in turn, also provide this kind of support to others in the future.
6. If a cooperating organization was involved, what was its role?
NA
7. How did you share the news of your project?
We supplied the applications and details of the project with the college and career counselors at 7 local schools. Information was also available on our website.
