August 21, 2019

To: Superstition Mountain Rotary Club

This receipt is acknowledgement of your generous donation to the AJUSD Feed the Children Program. Your gift of \$4000.00 will contribute to our Food Boxes that provide nutrition to our students during school breaks.

Sincerely,

Karen A. Warhus

Food Service Director

Apache Junction Unified School District

Project Number: P2909

Superstition Mountain Rotary Club Supports The Feed The Children Program

The Superstition Mountain Rotary Club was pleased to support the Feed The Children Program with a check for \$4000.00.

Throughout the year, many families depend on the Apache Junction Unified School District to provide breakfast and lunch for their children. When school is on break for the holidays, these families struggle to feed their children and many students go hungry. It takes a couple of days for the students to get back on track once they return from a break as hungry children do not focus in the classroom. AJUSD Food Service sends boxes of food home during breaks to help needy families in our districts. The boxes consist of breakfast and lunch items for children that can be micro waved or easily prepared. These boxes are especially helpful during the holidays when parents are trying to give their children a nice Christmas. This program operates strictly from donations.

Another program is the Children's Lunch Accounts. This program accepts donations for student lunch accounts to pay off a lunch account debt or sponsor a child by adding to their lunch account. These children are chosen by pulling families that almost qualify for free and reduced cost meals but don't quite make the program.

If you would be interested in donating to either of these programs, please contact Karen Warhus, Food Services Director at 480-982-1110.

The Superstition Mountain Rotary Club meets each Wednesday for lunch at the Gold Canyon Golf Resort. Our club works several fundraisers to provide scholarships for AJ High School seniors, donations to a local domestic abuse program and numerous other worthwhile causes to assist our community. Our website is www.superrotary.com. Click on the upper right corner of our website for a list of upcoming speakers and events.
