

Increasing Quality of Life for Families through Sanitation and Education

Solana Beach ECO Rotary Club  
887 Sandcastle Dr.  
Cardiff, CA92007

November 20, 2019

Dear Sir,

Thank you for your recent contribution to Class-ACT (ECO Sanitation Project/Latrines for Life) of \$1,450. Your donation will support our ECO Sanitation Project, Latrines for Life, which will provide latrine installations for six poor rural families in Cambodia.

The families make the commitment to fund a small portion of the cost and assist with the construction. For each latrine we add an inexpensive "Tippy-tap" soap hand washing station and a ceramic water filter to provide safe clean drinking water. We manage the project through a partner NGO in Cambodia, Solidarity Fund for Rural Development (SFRD).

Poor sanitation results in the contamination of streams and soils, and spreads diseases that result in high rates of infant and young child mortality, and heavy caseloads of diarrhea and other infections in Cambodia where old habits of poor hygiene are still widespread.

Your contribution has made a lasting difference by helping the six low-income families in Cambodia to attain a higher quality of life.

Sincerely,

*Niels Lund*
