## 2. Project Description

*Describe the project, its location, and its objectives. Describe how the project will benefit the community and/or improve the lives of the less fortunate. Also include sustainability elements.*

*This may be the same as in matchinggrants.org but in many cases may have additional information. Information may be included in this request that is not appropriate to publicly display as when this report is uploaded to the website, access can be restricted to only those people associated with this project.*

Construction of a new recycling bin for aluminum cans. Our Rotary club took over the local aluminum can bin when the Lions club disbanded in our community. The old wooden bin is in tough shape from being moved to a new location and when the wind blows in South Dakota the donated cans end up blowing around town. The new bin will be designed with a sloped top and constructed out of metal so that it will not rot and will hold the cans in the bin until they can be transported to the recycling center. The new bin will be an attractive addition next to our Rotary building on main street and will be a convenient location for drop offs as it is near the Community Closet (local re-sell store that takes clothing and household donations). Redesigning the bin will help to keep the street and surrounding area cleaner and prevent cans having to be picked up after a storm. The funds from the cans that are recycled are used to give back to local highschool seniors as scholarships to further their education. This project is a great way to provide a service to our community and show that our Rotarians care about how our downtown looks as well as providing for students education. New signage will be on the bin so that everyone in the community will know that this project is proudly supported by the Wagner Rotary Club.

**3. Describe non-financial participation by Rotarians in the project (i.e., Rotarian activities).**

Rotarians will be providing the labor and welding equipment to construct the bin.

**4. How will the general public know this is a Rotary-sponsored project? Please provide details, such as media publicity, report for the District news, or display of the Rotary logo.**

New signage will be on the bin with the Rotary Emblem and there will be photos in the local paper.

**5. Project Contacts: Two Rotarians must be listed who will provide oversight and management of the project funds. One of these two individuals should enter project into [www.matchinggrants.org/district](http://www.matchinggrants.org/district) and both should be given Administrative Access for the project there.**

## **5610/CAP (Community Assistance Program) Grant Checklist** **Rotary Year 2019-20**

*Initial each item and return with your application.*

- The First Contact on this grant is the grant writer, who attended the Club Grant Training.
- The Club has submitted a signed Club Memorandum of Understanding (MOU) for the current year.
- The Club is in good standing with the IRS and has submitted a current IRS Form 990 receipt to prove their non-profit service club status.
- This project is a new effort for our club—it is not a project that we have done previously, either with CAP Grant or 5610 Grant funding or as an ongoing club-sponsored project.
- CAP Grants only: The club is matching (50%) the entire amount being requested, up to \$1000. The project may be larger than \$2000 (the grant plus the club's funding), but the maximum grant award is \$1000.
- This project is totally or at least primarily sponsored by the Rotary Club—we are not simply funding the project of another organization. No funds will be paid directly to another charitable organization.
- No funds will be utilized to support travel expenses, salaries, administrative or other overhead costs, or the operational costs of another organization.
- Work on the project will not begin until the grant is approved by the District and the Club has received the grant award (check is in the bank).
- The project will be completed in its entirety within 24 months of grant award. Reports will be provided to the District when required. (see the Grant Report for details).
- The lead/sponsor club agrees to adhere to all stewardship requirements set forth in the Club Memorandum of Understanding.
- The lead/sponsor club will publicly identify the project as Rotary sponsored.
- No funds from this grant will be used to directly benefit a Rotarian or any Rotary employee, including those employed by a club, district, Rotary International, or any other Rotary entity.
- No funds from this grant will be used to directly benefit a relative, including spouses and in-laws, of any Rotarian or Rotary employee as defined above.
