

April 16, 2020

Dear Mr. Dominic & Rotary Club of El Cajon Sunset,

We thank you for contribution towards God's work in Haiti. Your donation in the amount of \$1,000.00 USD is a tremendous blessing. At the mission, we have over 14,000 church members within our church affiliation, over 4,300 students in our school system, and over 450 staff members throughout the mission. This is a big load on our resources and the mission. For food distribution, we communicate with our pastors and community leaders weekly to see where the needs are most . With your investment and the investment of friends of the mission, we were able to buy rice which added to the beans and oils we provide to our communities. This time, we provided food to five communities we serve; Christian Church Nan-Plaisir, Early Church of Port au Prince, and Christian Church of Thoman (needed the most), Refugee Camp Church, and HCM campus staff.

- Christian Church Nan-Plaisir: 200 families received food
- Early Church of Port u Prince: 150 families received food
- Christian Church of Thoman: 250 families received food
- Refugee Camp Church: 250 families received food
- HCM Campus Staff: 50 staff members

The country of Haiti has been facing lock-ins due to political and protests violence for over 2 years now. With the Covid-19 coming into the picture, the weight of these economic deficiencies weighs heavily on our communities and their leaders. By fueling our leaders with resources, they can share with their congregation and communities. This helps them to serve in a better capacity and helps the bigger picture of defeating hunger and starvation. Most people live on a budget of \$2 per day which can put stress on parents and families. Our effort is to minimize the economic stress by providing basic needs and to show the love of Christ to our communities through action and care.

Note: On the receipt you will see the date being "02/04/20" based on the metric dating format day/month/year. We would look forward to your visit in the future once there is some stability in the country and we recover from Covid-19.

Best,
