Dear Steve:

On behalf of the Brother Benno Foundation, we offer our sincere appreciation for the Rotary Club of Tri-City's generous donation to cover the expense of three wash stations for six weeks during the COVID-19 pandemic. The cost of these wash stations is \$491.00.

During the COVID-19 pandemic, Brother Benno's has been serving over two hundred hardy lunches each day and distributing over 900 boxes of food each month. The wash stations provide a way for users of our services to maintain a necessary level of hygiene. We were very successful in limiting the spread of hepatitis A two years ago through a hygiene regimen and are following the medical expert's advice in addressing COVID-19.

We sincerely appreciate the Rotary Club of Tri-City's help.
