## APPLICATION

PROJECT TITLE: Building Colonial Williamsburg AMOUNT REQUESTED \$394.29  
 NUMBER OF STUDENTS WHO WILL BENEFIT FROM THE USE OF THESE FUNDS: 36

### PLEASE ANSWER THE FOLLOWING QUESTIONS:

**1. WHAT DO YOU PROPOSE TO DO WITH THE GRANT FUNDS? Explain the general purpose of the project.**

The students will be learning about life in Colonial America by focusing on Colonial Williamsburg. They will be building the city. The funds will provide the necessary supplies for the students to create scaled buildings of the city. This project will help bring history alive for the students.

**2. HOW WILL YOU USE THE FUNDS?**

All the funds will be used to buy the supplies needed to create and build the buildings from scratch. This process will have them think through and use the engineering process, math skills, and art skills. All while learning American History.

**3. HOW WILL YOUR STUDENTS BENEFIT FROM THIS PROJECT?**

My students will benefit from this experience by gaining an appreciation of how Americans before us lived and worked. They will learn of some contributions the early Americans made. They will also have to work together to build their building and make them to scale. They will be required to plan their building out on graph paper, before getting to build them out of the cardboard. The collaboration, sharing materials, and coming to a consensus are all skills they will need throughout their lives.

**4. GIVE A BREAKDOWN OF EXPENSES**
