RE: Rotary Grant Application

Dear Kimberly Klein and the Members of the Holdrege Rotary Club,

The Phelps County Ministerial Association is pleased to present this Grant Application Letter for your review. The Phelps County Ministerial Association is the sponsor of the local **Christian Charity Fund** which is used to assist families who are going through a financial shortage or crisis. In 2018 over \$50,000 was given to assist 240 households. The main source of funding comes from the "Give to Grow" yearly campaign, unfortunately the monies from that source have become less and less each year. We also accept donations from churches, foundations, individuals, and service organizations such as yours.

Due to the COVID-19 pandemic we have had an increased demand from families for assistance with Rent and Utility bills. Because of our limited funds and the increase in demand, we could really use some additional help. We are hereby applying for a Grant that you have in the amount of \$2,156.25. What a blessing that will be to a few local families!

We appreciate The Holdrege Rotary Club taking an interest in helping the Phelps County Ministerial Association in reaching out to assist families in our community.

Thank you,

Kathryn Doiel, PCMA Treasurer
