I just called her and she will send me an invoice via e-mail. I think I will be able to take care of it on-line. If the Club Debit card won't work, I'll contact you Michelle.

K, thanks. I can put it on my credit card if you wish, and Cynna, you can reimburse. Whatever works best for the club.

I told her you would be reaching out to her for payment and be the main contact moving forward.

Here is the invoice and the lady I have been working with on the equipment. The next step would be to place the order. She recommended we use this company for flooring which you would just place the order online when ready. Here is the link to that company: [SolidPlay Rubber Playground Flooring Tiles are Playground Tiles by American Floor Mats](#)

Let me know if you have any other questions! I am in full swing for the season so I might be in and out for the meetings on Thursday morning until I get settled in for the season.
