

Dale Schultz
 District 5630 Foundation Chair

Dear Dale,

In order for you to close out the District Grant for the Kearney Dawn Rotary Club (2022) [P-4408 Mission II Haiti], I have adjusted the cash contribution that was needed to fully fund the project to represent the cash amount contributed by the Mission II Haiti non-profit organization.

The project should have never been submitted as a \$7,000 budget, as the additional funding was provided by an organization, not a Rotary club. It should be noted that the \$3,780 added was an amount NOT contributed by Kearney Dawn Rotary club. It was paid directly by Mission II Haiti which included additional handpumps, insurance and freight in the amount of \$3,465. Kearney Dawn Rotary did provide Roger additional club funds (\$315) to supplement his travel expenses to Haiti.
