3. Briefly describe your project (who did what, when and where did project activities take place?) in 100 words or less.

The project's objective was to inspire low-income fifth and sixth grade students attending Hillcrest, Garfield, Hawthorne, and Morley Nelson Elementary Schools to graduate and attain post high school degrees and/or professional certifications. The youth attended 13 life skills events led by school teachers and YMCA instructors. Teams of Rotarians held discussions with the students throughout the year to demonstrate interest in the students in growth as leaders and build their self-confidence. To facilitate participation, activities were scheduled at schools in the morning, at lunch, or after school. At least two community service projects occurred at each school.

4. In one brief sentence: who were the beneficiaries of the grant activities and how many of them were there?

Sixty-eight fifth and sixth grade students attending four Title I schools were the beneficiaries of this project.

5. How many Rotarians participated in the project? Briefly tell what did.
Twelve Rotarians held discussions with the students throughout the year. Their goal was to demonstrate interest in the students and build their self-esteem. Rotarians installed "Buddy Benches at the schools. Students participated in club events and meetings describing their experiences in Everyday Leadership and how they are using what they have learned. Rotarians also raised the funds needed to finance the project and participated in coordinating the activities of the other organizations participating in this effort.
6. If a cooperating organization(s) other than the beneficiary was involved, what was its role?
**-Public schools provided teachers and counselors to serve as lead instructors and monitor results.
