District Grant Report

Rotary Club: Manteno Rotary

Project Title: Scholarships for HS Graduates

Progress Report Final Report

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

We provide \$1000 scholarships to 3-HS Graduates going to college. Recipients are identified through an application several pages long, asking their educational success, their involvement in extra-curricular activities, and their experience with direct service to the school and community.

The recipients were: Olivia Willis, Shannon Meaney, Natalie Meyer.

2. How many Rotarians participated in the project? 6

3. What did they do? Please give at least two examples.

A Rotarian and the High School Principal, publicized the application to students who may have need.

Three members of the club read every application and scored each one on a grid. Officers of the club wrote the check and welcomed the students to a meeting to share their story. Pictures are taken of the presentation and published on Social Media.

4. How many non-Rotarians benefited from this project?

One recipient has been active in our Interact Club at our High School. The other two have not been involved with Rotary, but have done service in our community.

5. What are the expected long-term community impacts of the project?

It supports our Interact Club, gives awareness of Rotary, and encourages young people to pursue a college education, which in the long term serves our community.

6. If a cooperating organization was involved, what was its role?

We cooperate with the High School in Manteno.
