Dear HEB Rotarians:

Literally thousands of people in the HEB Area, and, actually, around the world have been blessed by your work, service and generosity. The North East Emergency Distribution (NEED) organization is only one of the many.

Thank you so very much for the donation of four thousand dollars (\$4,000) to help fund the transportation support NEED will be supplying this fiscal year. NEED works with HEB Transit to provide transportation, particularly for medical and employment needs, to residents of the HEB area. By working with HEB transit, we have provided right at \$29,000 of transportation support to HEB families in need. In addition, need uses the transportation grant from HEB Rotary to pay for transportation expenses related to picking up food donations from all over the area; picking up donations for the Twice Blessed resale shop, which helps fund
