Hi, Conrad,

I have reviewed Tesa Hargis' global grant scholarship application. I am providing preliminary acceptance and recommend proceeding with completing the online global grant scholarship application.

Let me know if you have any questions.

Thanks, Ken! I have been out of town and out of country for basically the last month so am now getting caught up. I am working on a host club for Janani in the Oxford area, same club that hosted our last Scholar - she wants to be there and they are working on the approval. I sent on your recommendation for a change of Focus - and that was the same thing I told her earlier.

Tesa Hargis ap is attached for your preview. Let me know your thoughts. I will be in touch with <sup>Myra</sup>Graham Williams - but thought we might have already had a Host Sponsor since Tesa is in London now on an internship - sponsored in part by the London RC.
