Dear Rotarian Feddern,

Greetings from Evanston! Thanks a lot for sharing your project with me. I think it perfectly aligns with Maternal and Child Health. I would only suggest that when you submit your application through the online system, you include the outreach campaign detailed plan to educate mothers (on breastfeeding, how to breastfeed, the care she needs to have, how to store the breast milk, and the characteristics of breast milk) and the campaign to educate the community in general in the overall benefits of breastfeeding. This activity needs to be included in the budget too, otherwise we would ask how it will be funded.

Cara Rotariana Feddern,

Cumprimentos de Evanston! Muito obrigada por compartilhar seu projeto comigo. Penso que está perfeitamente alinhado com a Saúde Materno-Infantil. Eu sugeriria somente que quando você submete seu pedido através do sistema em linha, você inclui o plano detalhado da campanha de sensibilização para educar as mães (no processo de amamentação, orientando-a sobre a melhor forma de amamentar, os cuidados que ela deve ter, como armazenar e encaminhar o leite, além das características deste produto) e a campanha de sensibilização da comunidade general sobre os benefícios da amamentação. Esta actividade deve ser incluída no orçamento também, caso contrário, vamos perguntar como será financiada.

Sincerely/ Atenciosamente,
