English Speaking & Personality Development Course In BMC Aided Weaker Section Schools

We have been conducting English speaking and personality development course in BMC aided weaker section vernacular medium schools of 9th standard, since 2012. Also like to acknowledge Director Non-Medical Rtn Bharat Modi for coordinating & inaugurating the English speaking project in a record 16 batches in 12 vernacular schools benefiting more than 800 students in time. We will have 50 hours for each batch for the next 8 months in all the 16 batches. Purpose of this project is mainly three.

1. To reduce or remove the fear of English from the children's mind & familiarize them with the language, which will help them in their 10th std and also for college and higher education where the medium of teaching is in English
2. To encourage and give them the courage of practicing in speaking English language along with the personality development skills which will instill confidence & strength in them for the entire life in areas they choose.
3. As most of the students are from weaker section society this course will make them employable in malls or service industries after 10th or 12th if they so choose.

The project is to coach a batch of 50 students of 9th standards in, Vernacular medium school, in English language and personality development for 2 hours every week for eight months by a professionally trained trainers of an English Speaking Institute. This year we will be conducting about 16 batches, in 12 schools.

Miracle DG

District 3141's new District Governor, Shashi Kumar Sharma, has themed the Rotary Year 2018-2019 for our District, as a Miracle Year.

During the year, he says, "We will together gain a better understanding of how to explore, discover, reveal and revel in the collective power of our imagination, inclination, intention & intervention."

He would like us to see Miracles in every day life & says that we do not come with an instructional manual, but, "Use the gift of our imaginations, our filters, our perceptions, our conditioning, our beliefs & our thoughts" to make a sense of everything.

His message to us, "Let us firmly believe in our hearts that we are meant to live a life full of passion, purpose, magic and miracles.

Let us change our thoughts & life will manifest our deepest desires, especially when they are for the highest good of all."

District Governor Shashi Kumar Sharma

RI President

One year ago, your Rotary International Board of Directors adopted a new vision statement, reflecting our aspirations for our organization and its future. It reads, "Together, we see a world where people unite and take action to create lasting change – across the globe, in our communities, and in ourselves." That simple sentence distills so much of what is essential about Rotary.

We unite, because we know that we are far stronger together than we could ever be alone. We take action, because we are not dreamers, but doers. We work to create lasting change that will endure long after our involvement has ended across the globe and in our communities. And perhaps most important of all, we work to create change in ourselves – not just building a better world around us, but becoming better people ourselves.

A quotation attributed to French writer Antoine de Saint-Exupéry goes: "If you want to build a boat, don't begin by collecting wood, cutting boards, or assigning tasks. Begin by awakening in the souls of your workers a longing for the vast and boundless sea." Each of us came to Rotary because we had a longing – to have an impact, to make a difference, to be part of something larger than ourselves. That desire, that vision for a better world and our role in building it, is what drives us in Rotary. It's what made us become members, it's what motivates us to serve, and it's what led me to choose our theme for this Rotary year: Be the Inspiration.

Be the Inspiration – and together we can, and we will, inspire the world.

Aye Zindagi Gale Laga Le Kajal Oza Vaidya

Motivational speaker and writer Kajal Oza vaidya is known celebrity among Gujrati, has become very popular with her show "Aye Zindgi Gale Laga Le" .

Our club along with neighboring club has sponsored one of her shows for the benefit of well wisher, and local community. She very skillfully entertained 600 plus guest, with message, to "Enjoy every moment and stop cribbing". She very nicely connected Hindi lyrics, with individual's life / his circumstances.

DG present on the occasion reacted saying. **"Uday I must appreciate the way in which you have organized the show. It was inspiring educative and full of entertainment. I spent productive time with you, congratulation to Narendra, Manish and you"**
