Rotary Club is synonym with social work and you may be aware about our various philanthropic, humanitarian & other activities worldwide by volunteers who are citizens like you and me but spare their time ,money , energy and talent for the community service

Rotary International was established in the year 1905. The first Rotary club in India was established in Calcutta in the year 1919 and since then it has spread all over India. Every Rotary club is affiliated to the Rotary International but functions in an autonomous way and taking on projects which are needed in the area they operate. All projects are carried out by volunteers and are funded through the Charitable Trust wherein the people like you and me donate towards various projects . 100% of the funds are used towards the projects . The Rotary foundation which is the Charity arm of Rotary International has been awarded by the American rating agency,, The Charity Navigators with four star ratings which is the highest for financial Accountability and Transparency. Rotary's effort to eradicate polio has been described as one of the finest humanitarian projects in the world. Rotary international works as catalyst between needy and potential donors like you.

All Rotarian observe four way test in their day to day activities, which reads as under.

Of The Things We - Think, Say, or DO.

- 1) Is it **TRUTH**?
- 2) Is it **FAIR TO ALL CONCERNED**?
- 3) Will it build **GOODWILL** and better **FRIENDSHIPS**?
- 4) Will it be **BENEFICIAL** to all concerned?

The four way test speaks volumes of Rotarians intentions and actions.

We the members of the Rotary Club of Mumbai Kandivali West (RCMKW), has been servicing community in and around Kandivali west since 2002. We all are engaged in community service and always striving hard to bring smiles on the faces of the people we serve.

The doors of membership is open to all citizens irrespective of caste, creed or religion and Rotary provides a platform for any person with a vision and passion to serve selflessly in a family like atmosphere and manifest their vision to serve and impact the community. We have seen many such examples.

For the last seven years we are successfully conducting a one year English Speaking & Personality Development Courses for ninth standard students of vernacular medium schools belonging to economically weaker sections of Society . This is a man making project which has given skills, confidence and inspiration to young vernacular medium students to perform better in life. More than 3000 students have benefitted so far. This project is very successfully nurtured by Rtn. Vinay Bhat and all Rotarians.

Rtn Dr. Girish Trivedi is earnestly working to create awareness among general public about eye and organ donation, till date he has collected 1478 eye balls from the deceased to be able to contribute to the people in need .

We are in process of donating few Dialysis machines to Hospital.

"Rotary" gives platform to any person who wishes to be engaged with social / community works.

You are most welcome to be part of any / all of these social welfare projects either by joining our esteemed organisation as member or by any contribution in cash or kind to support the desired cause, project which appeals to you and would like to do for community. Any Donation to the Trust will enjoy 80G benefit and deduction.

With Warm Rotary Regards

Rtn Uday shah

President 2018-19

" Service to Mankind is Service To GOD " – Mahatma Gandhi

Diabetes / Cancer Detection Camps

We carry out regular medical check up and awareness camps for Diabetes / Cancer and other life style disease for the benefit of community in Kandivali.

Rubella Disease Is Dangerous for Pregnant Women and Unborn Babies

The most serious complication from rubella infection is the harm it can cause to a pregnant woman's unborn baby. If an unvaccinated pregnant woman gets infected with rubella virus she can have a miscarriage (the loss of a pregnancy during the first 23 weeks), or her baby can die just after birth. Also, she can pass the virus to her unborn baby who can develop serious birth defects. To prevent this we regularly carry out Rubella vaccination camp in the colleges, in and around Kandivali , for the benefits of girls.

Pediatric Heart Surgeries

This year we propose to support 4 operations of Pediatric heart surgeries of children, in association with Kokilaben Ambani Hospital at Andheri. In addition to above, we propose to support four needy patients for cardiac surgery/ treatment, in association with S.R.Mehta Hospital at Sion.

English Speaking & Personality Development Classes

The Project is to coach batch of 50-70 students of 9th standards in about 12 vernacular medium schools. Totally 700 students catering to economically weaker section of society are trained in English language and personality development for 2 hours every week for eight months by professionally trained trainer of an English speaking institute named M/s. B M English Speaking institute.

Mind Power Workshop

2 day session workshop where in students are introduce in an innovative way the unlimited potential of the mind and then asking the students to look with in and draw up a vision board taking three goals of their life and training them on the technique of visualisation to achieve their goals.

Nutrition Project

Once in month Distribution of grains/ to needy family, And distribution of food to relatives at Satabdhi hospital in association with Various Other Like Minded NGOS.

Save Earth

It is very important, for us to save this earth and leave it for next generation. Apart from carrying out awareness, program to save water, electricity, plants & trees. We are planning to encourage individual to plant tree, and nurture it personally.

Blood Donation

This year we propose to collect 1000 bottles of blood during the year in association with the help of TATA Blood Bank and other like minded NGO

Organ Donation : Eye and Skin

Our Rtn. Girish Trivedi is actively involved, in carrying out awareness among general public about EYE and ORGAN donation. By addressing people at various forums, apart from making people aware of blood donation and platelet donation.

**Apart From above project, we will support
365 cataract operations of needy in the Rotary year 2018 - 2019**

With Best Compliments From Rtn. Rajendra Bhatia
