Proposed purchase of hydrogen peroxide sterilizer VPRO MAX, Brand: STERIS.

CATALOGUE	DESCRIPTION	QTY.	UNIT PRICE
VPRO MAX	<p>Hydrogen peroxide vapor sterilizer.</p> <ul style="list-style-type: none"> To sterilize objects or instruments that do not withstand high temperatures Sterilizer of a door, cabinet unit or wall mounted. Of rectangular chamber with dimensions of 17 x 15 x 32-1 / 2 "(432 x 381 x 823 mm), volume of 136 useful liters, it has in its interior two sliding and removable shelves to place the load easily. The hydrogen peroxide is protected in a cartridge, simple and secure to use, that provides security. The content is protected with protective membranes that provide for contact with the user. The cartridge has a bar code engraved with the expiration date which will be detected by the equipment and cannot be used if it is expired; the equipment detects the sterilizer automatically and will provide 15 complete cycles. The pre-conditioning system has been carried out by a 4HP vacuum pump, which is used to remove excess moisture in this phase, the pump is operated together with a catalytic converter to remove the sterilized steam and convert it into oxygen and water Control by a touch screen (touch panel), easy to read; color coding, display of the stages of the cycle and the times of each phase. Classic design with stainless steel, removable for easy cleaning service access and greater durability. It has two cycles, one with duration of 55 minutes to sterilize cannulated instruments or lumens and another 28 minutes for any instrument in general and 35 minutes for flexible endoscopes. With impact printer. The camera is built in aluminum. The total dimensions of the equipment are height 75 1/8 "(1908 mm), width 33" (838 mm), depth 36 "(914 mm). Electrical requirements of 208/230 VAC, 3 phases, 60Hz, 16 Amp. <p>Also includes:</p> <ul style="list-style-type: none"> Rapid reading biological control incubator. (CELERITY) Bag sealer. Installation of equipment or processor, training of operational personnel 	1	\$ 126,800.00
