INVOICE

TO: Mr Andy Long

Rotary Club of Grahamstown

JOB: Ntsika Secondary School

Date: 08/07/20

Quantity	Description	Total Amount
	Repair fibrecrete roof sheets that are cracked, broken and/or have holes in, using bonding liquid and flash band. Smaller holes and cracks require flash band and bonding liquid. Bigger holes will require flexible aluminium sheet cut out and pop-riveted to the fibrecrete roof & then seal using flash band. Bonding liquid is to ensure that flash band sticks to fibrecrete roof sheeting without flaking off.	R12150
		Total R12150
