

PRESENTATION ON EMERGENCY DEPARTMENT UPGRADEMENT OF SCHEER MEMORIAL HOSPITAL BANEPA, NEPAL

SUBMITTED BY : ROTARY CLUB OF DHULIKHEL-NEPAL
RI DISTRICT 3292 NEPAL-BHUTAN

Background

Scheer Memorial Hospital is a mission hospital established in Banepa, Nepal, about 26 kilometers from Kathmandu. Starting as a one-room clinic in the late 1950's, it was transformed into a hospital in 1960, building a reputation of providing excellent health care to the people of Nepal, both near and far. Although the average outpatient visit costs only 40 (US) cents, many of our patients cannot afford even that small amount. No one in need is ever turned away because of their inability to pay.

Mission

To provide safe, high-quality, patient-centered health care in accordance with international standards to women, children, and other disadvantaged populations in Nepal and surrounding areas. To train clinical professionals to the highest standards possible and foster an atmosphere of academic achievement, collegial curiosity, and a passion for service in our staff and students

Services

Scheer Memorial Adventist Hospital is a 150-bed general community hospital offering specialty services in Surgery, Internal Medicine, Pediatrics, OB/GYN, Orthopedics, Urology, Dermatology, Endocrinology, ENT, and Emergency Medicine. In addition to our general wards, we have an Adult Intensive Care Unit (ICU) and a Neonatal ICU. Hospital also offer such ancillary services such as physiotherapy, medical imaging, and laboratory. Our primary focus is the health of women, children, and other disadvantaged populations in Nepal.

Statement of Need:

Proper emergency care is essential to saving life and limb. Many patients arrive at our hospital in critical condition as a result of a delay in seeking care, problems with transportation, or from road traffic accidents on the nearby congested highways. Emergency Department lacks some of the basic equipment needed to ensure patients receive timely and proper emergency treatment.

Budget

Sn	Particular	Unit	Rate (NPR)	Amount (NPR)
1	Emergency Department Trolley or Stretcher	10	385,500	385,000

	Project Total			6,734,910
	In USD	1 USD	NPR 120	USD.56124.25

THANK YOU

A group of diverse hands, representing various ages and ethnicities, are holding up large, colorful letters that spell out 'THANK YOU'. The letters are arranged in a row against a light blue background. The letters are: 'T' (teal), 'H' (yellow), 'A' (blue), 'N' (pink), 'K' (purple), 'Y' (teal), 'O' (yellow), and 'U' (pink). Each letter has a white outline. The hands are visible from the wrist up, showing different skin tones and clothing. The overall image conveys a message of gratitude and unity.
