Rotary Global Grants Website - Project G-2464

The application has been approved by The Rotary Foundation, and you should get ready for the project implementation. All the project partners should send their contribution to The Rotary Foundation or the project account. Please create a history log entry on this website when you have done this, so that all projects partners are notified by email. Make sure you send the payee information form to The Rotary Foundation so that you can receive the funds in the project account. A quick review of the history log entries should make it easy to figure out what is missing to get the project forwarded for payment. Once the funds have been received, click the "Paid" button on the administration page.

Project title: HumanTrafficking COVID-19 era
