Dear Dr. Wall,

This letter will serve as a Participation Agreement between Dental Care for Children (DCFC), the Rotary Club of Irvine and Rotary District 5320.

As you know, our organization provides free dental care for children in Ensenada, Baja California and Les Cayes, Haiti. We have participated with the Irvine Rotary Club in the past.

We are dedicated to continuing our mission of providing free dental care for impoverished children and will continue to provide assistance and support for your dental projects.

DCFC is a 501(c)(3) non-profit organization registered in California, USA. DCFC will be responsible for supplying the dental equipment, professionals supplies, and transportation of those. We will also coordinate Rotarian and other volunteer dental professionals.

DCFC will cooperate fully in any financial review of the project. DCFC will maintain its role as providing the dental equipment and professional services, but the Rotary clubs shall be responsible for the planning, selection of each Rotary clinic's location, and the personnel to assist the dental professionals.

Best regards,

Dr. Charles Tozzer, DDS
