Hey Brad,

Our club is having a difficult time with fund-raising. It's never been one of our strong suits; and the pandemic has made it that much tougher. We've asked members to voluntarily give \$100 more than their usual dues this first quarter but I'm not sure how much that will generate. It's tough when the gathering of crowds isn't allowed — at least it hasn't been for the last twelve months!

I was talking with André about what our options were regarding this Project Grant and he suggested I contact you to ask that we be given two years to complete the project, rather than the usual one. Is that something you can help us with?

We're looking at various options to pull this off and have another board meeting next Wednesday to discuss the matter even further. But in the meantime, I think the extension of an additional year would be a big help to us.

Thank you for your time,

John Lohrke, President

#### Rotary District Grants Website - Project P-3401

Our database indicates that this project has a current status of "Paid" and we have not received any update information in the last 6 months. We need to know if this project is still ongoing, or if it has been dropped, or if it has been completed.

If the project status is correct, please **enter a history log entry** to record the latest information about this project. This will stop these reminder emails for another 6 months. History log entries are entered in the "History Logs" tab of the [administration page](#).

If this project has been dropped, please reply to this email and explain why it was dropped so that we can take the necessary action to update the website.

**Current Status:** Paid

**Next Status:** Reported

**What to do to go to the next status:** This project is "Paid". This means that the check for the DDF payment has been issued. Please make the necessary arrangements for the project implementation. Please keep all receipts of project expenditure, and upload all the implementation information on the website as supporting documents. The website is used as a centralized repository for stewardship information. Please upload the final report when this project is completed. Once the report has been uploaded, go to your [project administration page](#) and click on the "Reported" button.
