December 10, 2020

**Fallbrook Village Rotary Grant to Vince Ross Village Square**

The \$1,000 grant will be used as follows:

- 2 Sound system speakers, replacing the 2 that were stolen several months ago from our storage area. \$300.00 The speakers are used but they fit our system.
- A water pump for the Fountain of giving. The pump needs to be replaced about once a year. \$260
- Signs on the front and side gates. \$200
- Light bulbs. \$200
- Mural Artists Plaque. The people that donated their time and artistic talents to create this mural. This was the 1st mural in the downtown area \$200

History of the Village Square was the first major project for the non-profit Fallbrook Village Association. Construction started in 1963. Funding was provided by the sale of "founders" bricks to cover the cost for labor and materials. It was designed for special events and is an attractive pocket park right in the heart of Fallbrook. Income from rentals helps us maintain it.

Vince Ross  
Vice President FVA

Vince, These are the speakers that the Mission Theater has. I think \$150.00 each would work. Roy
