

## Aurora Sunrise Rotary Club

### ASRC Grant Summary for Head Start Early Learning Center 2020:

Head Start is a program that promotes the kindergarten readiness of children aged 3-5 years, from income-eligible families in Kane county and surrounding areas. The Two Rivers Head Start program supports the physical, social and emotional development of children ages 3-5 years by offering children and their families a variety of comprehensive services. Due to COVID, several facilities closed, but the West Aurora facility remained open with 36 students for the 2020-2021 school year.

Per Head Start teachers, the students lack resources both at home and in the classroom, and that puts them behind in learning to read and write when compared with other students their age. Our focus was to provide both resources they can use at home and in the classroom.

We provided each child with a reusable Pre-K Wipe Clean Workbook by Scholastic Early Learners that will help them practice writing letters and numbers. We also provided each student with a First Little Readers Parent Pack set of 25 books at the beginner level. 10 of the packs of books were bilingual (English and Spanish). We provided the classroom five Matching Letter Dices and Cards games for parents to check out and take home. This was a total of about \$800 with the club making up the difference between the grant and actual costs.

Because we were not able to spend time with the students, we thought it would be nice to record our Rotarians reading the books to the

students. So we recorded each book on both English and Spanish and gave the teachers the links to our YouTube channel so the students could read along with us using their own books. Books were read by Rotarians and some of their family members as well.

We really had fun doing this project and hope that the students enjoy reading with us on YouTube. Hopefully in the future we will read more books to the students on YouTube with the intention of them developing a passion for reading at a young age.
