## District Grant Final Report 2021-2022

This report must be completed and uploaded on [matchinggrants.org](https://matchinggrants.org) within 30 days after completion of the project but no later than 2 years after the date of approval of the project.

District Grant # 3887 \_\_\_\_\_

Rotary Club: \_ Gillette Rotary Club \_\_\_\_\_

Project Title: \_ Vaccines for Influenza Prevention

### Project Description:

---

1. Briefly describe the project. What was done and where did the project activities take place?  
Explain how the beneficiaries and other community members were involved?  
The Campbell County Health Care Foundation, now known as the Northeast Wyoming Community Health Foundation organized the project for the inoculation of students from Campbell County School District, Gillette, Wyoming. In the school year of 2021-2022, 1908 students received the vaccines. 2216 students signed up for the shots, but for various reasons, only 86% of those students who signed up, actually appeared to get the inoculations. Two-hundred and seventy-seven (277) doses were returned to Campbell County Public Health Department. The Community Health Foundation is supported in this endeavor by Campbell County School District, Campbell County Memorial Hospital, The City and County of Gillette, Campbell County, Wyoming. The Center for Disease Prevention and Control recommends a yearly vaccination (flu) as the first step in protecting against flu and it's potentially serious complications. Because of COVID, the school district will no longer permit Rotarians to assist in the school's actual vaccination process.
2. How many Rotarians participated in this project? \_\_ The entire membership of the Gillette Energy Rotary Club were involved in the decision to continue the VIP Project. assisting whenever or where ever possible.
3. What did they do? Please give at least two examples.
  - a. Voted to continue the project
  - b. Conducted fund raising projects to support the vaccinations. Such as the annual Cajun Night Dinner and Show.

4. How many non-Rotarians benefited from this project? It is really difficult to determine exactly how many non-Rotarians will actually benefit from the use of the funds. When school children are vaccinated against influenza, their parents, siblings, other school children, staff, teachers and the community are less likely to contract the disease and more safe from the effects of influenza.
5. Who are the beneficiaries and what is the expected long-term community impact of this project? As long as the benches remain .....
  - a. Northeast Wyoming Community Health Foundation.
  - b. Campbell County School District
  - c. The City and County of Gillette, Campbell County, Wyoming
  - d. Campbell County Public Health
  - e. Total Contributions equaled \$32,000.
- 6.

Income:

Income Source	Amount
District 5440 Matching Grant	\$3500.00
Gillette Energy Rotary Club	\$3500.00
<b>Total Project Income</b>	<b>\$7,000.00</b>
