Request to Upgrade Library Furniture

To support our mission to create a safe and inspiring 21st century learning community, it would be great if we could bring the school's library up to date with modern furnishings that will allow students to collaborate by providing better learning, better access, and a better student experience.

Currently, one major area of concern for the school's library is the size of the space. With more students in our building, we want to make sure that the space is one that will fit all students in a comfortable manner while still allowing the freedom to reconfigure for individual, small-group, and large-group learning.

Using uniquely shaped desks sized for K - 5 students will allow us to minimize wasted space and maximize the number of individual

workspaces that can be spread throughout the room. With this type of design, students can comfortably configure for groups of up to six. Casters make it easy to rearrange between classes or from one activity to the next.

In addition to maximum flexibility, we want to make sure that the furniture is durable enough to last into the future. Grounded in proven best practices for effective and engaging learning environments with this type of
