

District Grant Report

Rotary Club: Rotary Club of Matteson

Project Title: Classroom Mini Grant

☐ Progress Report ☒ Final Report

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?
Classroom teachers from 3 school districts were invited to submit classroom projects that assist students with innovative learning. Classroom teachers were invited to apply starting in November of 2022 with projects being selected in February of 2023. 5 classroom projects were selected. 2 projects from school district 159 and 3 projects from school district 162 were selected.

2. How many Rotarians participated in the project? 12

3. What did they do? Please give at least two examples.

The entire club participated in the selection of the projects and 3 Rotarians visited classrooms to observe the projects.

4. How many non-Rotarians benefited from this project? 3 of the projects were book related projects however the books will be re used in following years. One project is a sensory room for students with disabilities and the last was a community garden that the community can enjoy going forward so it is hard to put a number on how many will benefit. I am estimating at least 1000.

5. What are the expected long-term community impacts of the project? Like mentioned above the sensory room and community garden will have long lasting impacts on the students and the community and the books will be able to be enjoyed by future classroom students.

6. If a cooperating organization was involved, what was its role? Matteson Amazon was a partner in this project which allowed us to select all the projects submitted.

Financial Report – Be sure that Income equals Expenditures!

7. Income

Amount

1. District Grant funds approved by the District	\$150.00
2. Club contribution	\$250.00
3. Other funding (specify)	\$8500.00 (Amazon donation)
Total Project Income	\$8900
