### **Project Description**

---

1. Briefly describe the project outcomes. What was done (in 100 words or less)? During Rotary Week Of Service, a District wide service project was the launch event. This project was a partnership with Sleep In Heavenly Peace to assemble bed kits for the purpose of providing beds top children who have been identified by SHP to not have beds top sleep on

When (dates) and where (city, state and country) did project activities take place?

It took place on April 15th In Glendale, AZ at the American Furniture Warehouse parking lot

Who were the beneficiaries? Children without beds in the Maricopa County area

2. How many Rotarians participated in the project? Approximately 100

3. What did they do? Please give at least two examples. Bed kits were assembled using power tools, lumber provided. The various lumber needed to be sanded and screwed together. The kits were then branded and stained and loaded on to moving trucks— all done by volunteers.

4. How many non-Rotarians benefited from this project? 100 beds were made for children that day

5. What are the expected long-term community impacts of the project? Many of the children who were beneficiaries of the project are in the foster care system. By allowing these children the opportunity to sleep in a bed they can be better performers in school, have fewer health issues, and less prone to violence or criminal behavior. In providing these basic necessities often taken for granted, there is also the intangible of dignity that is restored to the child.

6. If a cooperating organization was involved, what was its role? Partnering with SHP they provided the materials to build the bed kits, the trainers to instruct how to perform the prep of the lumber, the stain, and the branding, They provided a way for the bed kits to be delivered and assembled in the houses of the child recipients. The also assisted in marketing and promotion of the event in order to promote Rotary.
