Project Description

1. Briefly describe the project outcomes. What was done (in 100 words or less)?

Dictionaries were distributed to all 3rd graders in 24 elementary schools within the Peoria Unified School District, Peoria, Arizona (USA) 10/15 - 12/31 2024

Who were the beneficiaries? All 3rd grade recipients of a dictionary

2. How many Rotarians participated in the project? Approximately 20

3. What did they do? Please give at least two examples.

1. Labeled all dictionaries with the Rotary 4-Way test name label and coordinated # of dictionaries designated for each school.

2. Rotarians contacted each school assigned to, and coordinated delivery to the 3rd grade classrooms/students

4. How many non-Rotarians benefited from this project? 1728

5. What are the expected long-term community impacts of the project? This is a long-term, annual project facilitated jointly with the Peoria North Rotary Club and the Peoria Unified School District. Multiple schools are listed as Title 1 schools, with students having limited access to reading materials outside of the school itself.

6. If a cooperating organization was involved, what was its role? The PUSD continues to be highly supportive of this project. The school district works with the PNRC to provide an accurate student count and assists in facilitating coordination of the dictionaries with Rotarians.
