Dear Point Loma Rotary Club:

On behalf of the board and staff of the NTC Foundation, I would like to thank you for your generous \$6,000 donation in support of NTC Foundation's "Liberty School" arts education program at ARTS DISTRICT Liberty Station. Your gift contributed to the launch of the Liberty School programming for students at Cabrillo Elementary. In the 2023-24 school year, our staff, partners, and teaching artists have had the opportunity to meet and engage with 84 Cabrillo youth, ranging from 1st – 4th grade – to provide access to meaningful exposure in a multidisciplinary arts experience that is unique in the San Diego region.

In February, it was a joy to present to the club and share the Liberty School story. As you know, Liberty School's primary focus is to integrate the arts into the school curriculum, incorporating a unique approach to education that fosters creativity and incorporates student's learning styles and abilities. To that end, the teaching artists provide instruction through experiential opportunities in a variety of art forms.

Anecdotal evidence and survey responses have reinforced that the Liberty Station experience positively impacts students' social-emotional learning and the cultivation of a growth mindset. Other impact areas we've seen include:

- Positive changes in student attendance and behavior
- Improved academic performance of students
- Increased class participation and improved ability to focus and follow instructions

Thank you again for your significant generosity and support!

Sincerely,

James Halliday

Liberty Art School is a wonderful opportunity for our kids. They get to do art activities they normally might not have access to. Thank you, Liberty School, for providing the opportunity to build and enhance the creativity of our students.

Cabrillo Elementary is thrilled to have the experience of our Explorers attending Liberty School, made possible by the extreme generosity of the Point Loma Community groups. Our Explorers LOVE the experience of going to NTC and participating in hands-on, engaging enrichment in the arts. Our Explorers are excited every time they go, and come back, eager to share what they learned.
