**City Manager**  
Michael Marrero

The City of Cleburne and its Parks & Recreation Department are pleased to accept the donation of \$4,950 for improvements to the development of Kirtley Park. The improvements at Kirtley Park will begin late 2024 and will include trails, fishing piers, a sand beach, playground, education area, overlooks, pavilions, restrooms, and more. Once completed this park will be a regional destination for all of Texas and a source of pride for Cleburne.

We appreciated the Cleburne Rotary Clubs' willingness to give back to our community and help us provide enriching experiences for the public.

Respectfully,

Aaron Dobson  
Director of Parks & Recreation
