Project Description

1. Briefly describe the project outcomes. What was done (in 100 words or less)? Rotarians formed teams to order and purchase backpacks and school supplies for lower income families. Once supplies arrived, all the teams met to fill the backpacks with supplies, based on the teacher recommendations for each grade level. On Distribution Day, families came through the venue at Wellik Center for Senior Care and received from Rotarians the backpacks for their children.

When (dates) and where (city, state and country) did project activities take place?
Ordering, purchasing, filling and distribution occurred July of 2024, before the school year began.

Who were the beneficiaries? Lower income families in Wickenburg and surrounding areas.

2. How many Rotarians participated in the project? 15
3. What did they do? Please give at least two examples. 1. Rotarians met together for the filling of the backpacks with school supplies and 2. Rotarians distributed the backpacks to the lower income families on Distribution Day.
4. How many non-Rotarians benefited from this project? 250 families
5. What are the expected long-term community impacts of the project? Long-term community impacts include a positive view of the Rotary club in general, along with knowledge of the good Rotarians do in communities and around the world, as we interacted with the families.

6. If a cooperating organization was involved, what was its role? Wellik Center for Senior Care provided the room for filling, storing and distributing all the supplies and backpacks.
