Dear Decatur Rotary Foundation,

We are overflowing with gratitude as we step into 2025! The Lord has assembled an amazing team of counselors, each bringing a unique set of gifts and professional skills. We are creating new and creative ways to offer practical tools to more individuals and families.

Thank you for your financial partnership in 2024! Your gift of \$4,150.00 made it possible for children, teens, and adults to get professional counseling on a sliding scale to become the best version of themselves. You made it possible for grieving children and their families to meet in peer groups to process emotional and relational pain following the death of a special person. And you made it possible for children, teachers, and school administrators to get the support they need following the death of a student or staff member.

This newest program is called Jenny's Hope in Schools and we have spent time in 2024 writing a curriculum by the same name. Our counselors are trained and ready to go into schools following the death of a student or teacher. We also are ready to train others how to do this very important work.

Please mark your calendars for **April 7**, the date of our 2025 fundraiser! Come hear our stories and celebrate with us what the Lord has done and what He is going to do.

Follow us on social media to keep up with upcoming events, workshops, and prayer requests.

Wholeheartedly in Hope,

Beverly Ross, MA, LPC-S
Executive Director
