

District Grant Report

Rotary Club: Rotary Club of Irvine
 Project Title: Mentoring and Leadership

Progress Report Final Report

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?
 The project involved inviting young professionals from the community to attend the 2015 Young Professionals Leadership Summit, held October 30 2015. At that event young professionals were taught many skills for how to be successful in business and leadership. Additionally, from that even we identified young professionals who were interested in being mentored by Rotarians. Follow up Rotarian/mentee meetings were then scheduled. This program is ideally going to be the beginning on an ongoing process.

2. How many Rotarians participated in the project?
 10

3. What did they do? Please give at least two examples.
 Rotarians were involved with recruiting the students to attend the Young Professional Leadership Summit and were involved with mentoring the young professionals.

4. How many non-Rotarians benefited from this project?
 More than 10

5. What are the expected long-term community impacts of the project?

Expected long-term community impacts of the project are the they have provided young professionals with greater leadership and networks which they can draw upon in the future. This should help to improve their chances of success in their fields and may also create an early interest in the Rotary Organization for young professionals as they mature in their careers.

6. If a cooperating organization was involved, what was its role?
 Brandman University and Irvine Valley College both supported the Young Professionals Leadership Summit event and helped to send students to the event. Some of the students from these educational institutions participate in the mentorship program.
