## Step 3: Project overview

**Tell us a little about your project. What are the main objectives of the project, and who will benefit from it?**

(We're only asking for a general idea of the project. Try to be as concise as possible here. We'll ask you for details later in the application.)

Coimbatore lies in the foot hills of Nilgiri bio-sphere reserve of western Ghats (a world bio diversity heritage site). More than 400 species of birds are documented from this region. Due to rapid urbanization and human interference many birds are getting affected. Birds hits by vehicles habitat of a large number of species of Birds, such as Peafowl, parakeets. Some of these birds get injured and require treatment. To treat and rehabilitate these birds, our club is proposing to set up a fully equipped bird hospital in Coimbatore, which will be one of its kind in the whole of South India.

## Step 4: Area of focus

**Which area of focus will this project support?**

(Select at least one area. Note that we'll ask you to set goals and answer questions for each area of focus you select.)

- Peace building and conflict prevention
- Disease prevention and treatment
- Water, sanitation, and hygiene
- Maternal and child health
- Basic education and literacy
- Community economic development

## Global Grant Application

### Step 5: Measuring success

#### Which goals of this area of focus will your project support?

We'll ask you questions about the goals you choose, and at the end of the project, you'll report on your results for each goal. Each area of focus has its own set of goals. Select only the goals that your project will address.

1. Rehabilitation of threatened wild birds.
2. Establishing a bird hospital.

How will you measure your project's impact?

Use only measures that are clearly linked to your goals and will demonstrate the project's impact on participants' lives, knowledge, or health. Find tips and information on how to measure results in the [Global Grant Monitoring and Evaluation Plan Supplement](#). You need to include at least one standardized measure from the drop-down menu as part of your application.

Measure	Collection Method	Frequency	Beneficiaries
Total No of Direct Beneficiary	Reports from the Hospital	Every month	200 birds

Do you know who will collect information for monitoring and evaluation?

If yes, please provide the name and contact information for that person or organization and briefly explain why this person or organization is qualified for this task. If no, please tell us how you plan to find a person or organization to complete this task.

**Yes the Chairman of the Project from our club Rtn.MD Kamal Kankani in coordination with Animal Rescuers and the forest department.**

## Step 6: Budget

**What local currency are you using in your project's budget?**

(The currency you select should be what you use for a majority of the project's expenses.)

**25 lakhs**

**What is the U.S. dollar (USD) exchange rate?**

**USD 1= 75 INR**

**What is the budget for this grant?**

(List each item in your project's budget. Remember that the project's total budget must equal its total funding, which will be calculated in step 9. Every global grant includes a match of at least \$15,000 from The Rotary Foundation's World Fund. Project budgets, including the World Fund match, must be at least \$30,000. (Add rows as needed.))

## Step 10: Sustainability

(Sustainable projects provide long-term solutions to community problems — solutions that community members themselves can support after grant funding ends. Your answers to the questions below will help us understand the components of your project that will make it sustainable.)

### Humanitarian projects – Project planning

Describe the community needs that your project will address.

It will help the threatened birds community of western Ghats thereby stabilizing the ecological balance.

How did your project team identify these needs?

we were approached by Animal rescuers, a voluntary animal rescue organization who are actively involved in field rescue and rehabilitation for setting up a bird hospital to cater to the increasing numbers of injured birds.

How were members of the benefiting community involved in finding solutions?

How were community members involved in planning the project?

The community members too felt a need for having a bird hospital in this region considering the bird fatalities and Coimbatore being a biological hotspot location.

## Humanitarian projects – Project implementation

Summarize each step of your project’s implementation.

(Do not include steps related to fundraising, applying, or reporting. (Add rows as needed.))

Will you work in coordination with any related initiatives in the community? If yes, briefly describe the other initiatives and how they relate to this project. If no, please explain. Are local initiatives not addressing these needs? Or, if they are, why did you decide not to work with them?

(There can be value in working with other groups including governments, nonprofit organizations, and private companies.)
