SERVE TO CHANGE LIVES

# Saksham 2.0

## Voice & Speech Diagnostic & Rehab Clinic

A Rotary Club of Pune Katraj Charitable Trust Initiative

# ROTARY CLUB OF PUNE KATRAJ CHARITABLE TRUST

## Primary Goal

To setup a voice and speech diagnostic and rehab clinic with ultramodern technology and trained specialists for diagnostics and management of the patients suffering from voice and speech disorders coming from the economically weaker sections of the society.

Estimated 15,000+ Beneficiaries over a span of 8 years

- Hawkers • Street Singers/artist • Public School Teachers
- Stammering Children • Speech Therapy Patients • Post Surgery Therapy
  - Laryngitis • Vocal Cord Paralysis • Phonotrauma
- Laryngotracheal Stenosis • Recurrent Respiratory Papillomatosis
  - Vocal Cord Cancer • Larynx Cancer

## Facilitating Organisation

**Sasoon General Hospital & B.J. Government Medical college.**

Sasoon Hospital is a 150 years old Institution serving the poor & needy population of Western Maharashtra. People prefer to come to us for complex surgeries such as, Cochlear Implant & Airway surgery. It is a sincere and earnest request to kindly consider this proposal sympathetically. It will benefit the needy patients among various strata of the society and improve their quality of life.

Dr. Samir Joshi (MBBS, M.S. ENT) -Dy. Dean, BJMC, Professor and HoD, ENT department of Sasoon General Hospital Pune

## NEED OF PROJECT

- Voice Clinic facility is currently not available in any government hospital in and around Pune district and Western Maharashtra, Marathwada & Northern Maharashtra.
- Patients from Economically weaker sections cannot afford the facility available in private hospital.

## PROJECT MEASURABILITY

- Recording of patients diagnosed with voice & speech disorders and recommended for further treatment.
- Recording of patients receiving post diagnosis treatment.

## PROJECT SUSTAINABILITY

- Reputed 150 years old, government run hospital & medical college.
- AMC for 3 years through project funding. After 3 yrs, it will be taken care by Sasoon Hospital.
- Very less consumable cost which will be borne by Sasoon hospital
- Continuous flow of economically weaker patients.
- ENT department with highly qualified and devoted doctors, speech therapists, Resident doctors and servants.

## Partnering with Saksham 2.0

### Commit a monetary contribution to the project.

Benefits of joining as Synergy partner club :

1. Involvement in the GG project at every stage.
2. Mileage for the clubs by way of PI

4. A great opportunity to join an innovative & impactful project.

### Estimated Project Budget : \$ 98,000 (RS. 72 lakh)

Cost Comparison- Private v/s Government hospital

| Procedure              | Private hospital charges Rs. | Government run hospital charges Rs. |
|------------------------|------------------------------|-------------------------------------|
| Diagnostic proced      | 2,000 -3,000/ ( \$35)        | 55/-                                |
| Surgery charges        | 100,000/ ( \$1300)           | 4,000/-                             |
| Voice & Speech Therapy | 500 -1,200/-(\$12)           | 55/-                                |

For people below poverty line and low income group, for senior citizens and medico-legal patients ( Prisoners etc.) everything is entirely free under Government scheme ' Mahatma Jyotiba Phule Jan Arogya Yojana'

The Rotary Foundation transforms your gifts into meaningful service projects that change lives both close to home and around the world. We need your help to make our efforts go even further and achieve our dream of setting up a Voice&Speech clinic. I appeal you to donate generously for this impactful project.
