

Rotary Club of Delhi Karma (District 3012)

17-08-2021

To,
District Governor,
District 3012,
Rotary Club / Rotary International
New Delhi

Sub: Proposal for Grant for Project

Sir,

Covid has been life changing for everyone since last year and we, RCD KARMA wish to help in saving as many lives as we can. During the second wave in Delhi NCR region in April 2021, there was acute shortage of oxygen in hospitals and neonatal ventilators across hospitals.

Our club wish to contribute to and equip a hospital with their in-house oxygen generator plant and a neonatal ventilator. The SUNRISE HOSPITAL we have chosen is located at Main Khandsa Road, Sector-10A, Khandsa, Gurgaon, Haryana India operated by Dr. Shalini Jain Nawal who is a Respiratory and Chest Specialist of eminence.

We wish to contribute the following equipment:

1. Oxygen generation Plant – Model - MOSS 100 with capacity of 100 lpm.

The quotes for these plants are varying from various vendors but we are confident to be able to source the same at INR 18,00,000.00 inclusive of all taxes, installation and shipping charges

2. Neonatal Ventilator - Model – V310

There are various configurations and models available from various vendors but we are confident to be able to source the best at INR 8,00,000.00 inclusive of all taxes, installation and shipping charges

The Total project would need a budget for INR 26,00,000.00.

We plan to contribute INR 15,00,000.00 and request you to help us identify international partner club to contribute the remaining INR 11,00,000.00 or USD 15,000.00.

I have attached the following documents for your reference:

1. SUNRISE HOSPITAL – GOI CHECKLIST
2. SUNRISE HOSPITAL – POLLUTION NOC
3. SUNRISE HOSPITAL – FIRE NOC

Rotary Club of Delhi Karma (District 3012)

4. MOSS – SCHEMATIC DIAGRAM
5. MOSS – TWO OFFERS
6. NEONATAL VENTILATOR – ONE OFFER

Since we are all preparing for 3rd wave of Covid so this infrastructure needs to be setup immediately, so I request you to please expedite the same.

Awaiting your positive response
